

Lake Durango Water Authority General Manager

The Lake Durango Water Authority is seeking applications for a General Manager. The General Manager is responsible for the day-to-day operations of the Lake Durango Water Authority. Under the direction of the Board of Directors, the manager performs complex administrative, financial, technical and managerial work to ensure compliance with Board goals, policies, and all applicable governmental regulations; plans, directs and coordinates services, activities and operations of all facility equipment, functions and projects; manages Authority staff, contractors and vendors; coordinates the efficient and effective use of Authority resources, finances, personnel and equipment to achieve short- and long-term goals and objectives. Participates in Board of Directors or related meetings.

Applicants should have an Associate Degree in Business with 5 years experience in water resources or related field or be a High School Graduate with technical course certification or state license in water distribution or plant operations with 5 years' experience. Colorado water certifications highly desired.

Application Procedure:

Interested candidates shall submit a cover letter and resume to the LDWA Manager at the following address:

LDWAmangersearch@gmail.com

Hiring Range: \$70,000 – \$90,000, depending on experience and licenses.

Position will remain open until filled.
